

Y3 and Y4 - Spring 2023

How can we live more sustainably?

The class teachers are Mrs Cox and Mrs Parr. We are also supported by Miss Hook, Miss Donoghue and Mrs Chawdhary. This information sheet is designed to give you more information about what we are learning in school and how you can help your child's learning at home. We will also share key vocabulary and the golden nuggets of learning our children need to learn so you can support this by questioning them. We have also included what the key learning for last half term was so that you can ask your child questions to help them recall this. It will provide you with key information too.

Our PE days are Thursday and Friday

Home learning this term is to learn their poems ready for the Poetry Slam. The Year 3/4 heats will be on Friday 10th February so children should be ready to perform by this date.

We also have access to TTRS, Spelling Shed and Rollama (the codes for these are found inside your child's reading diary.)

Last term's golden nuggets were:

1. To recognize the key features of metamorphic, igneous and sedimentary rocks
2. That plants make their own food but humans need a balanced diet to be healthy
3. How life changed significantly from the Old Stone Age to the New Stone Age (Hunter-gatherers to settlers)
4. To understand the terms noun, verb, adjective and adverbs and how to use them in sentences
5. That Christians believe that Jesus is the Light of the World and brought light to the world

This half term, we are learning

In English -

- Poetry features (The Lost Spells)
- Antonyms & synonyms
- Performance poetry
- Inference (Using the book 'The Tin Forest')

In Maths -

- Multiplying and dividing 2-digit numbers by 1-digit numbers
- Solving multiplication problems
- Fractions
- Length & perimeter

Key Vocabulary

- Sustainability
- Alliteration
- Synonym & Antonym

The children have a PE coach in this term to teach them hockey skills which will lead to some children taking part in an inter-schools competition.

This terms golden nuggets are:

1. Our bones hold us up, allow us to move and protect our organs and that muscles work in pairs to make us move.
2. To know what a natural resource is and how it can be protected.
3. That Christians believe that Jesus is the Son of God and had the power to perform miracles.
4. The designs of William Morris and how pattern and texture is used in art.
5. To know the French for different fruits and how to say which they like and dislike.

Our Christian Value this term is
